meeting at Bhubaneswar observed that in many States, the preliminary task of Activity Mapping across the three levels of Panchayats has been completed, however progress across States in the constitution of District Planning Committees has been uneven and somewhat slow. With a view to interacting with Panchayats and carrying out a review with authorities concerned of the progress in implementing the points for action mutually agreed to in the Round Tables, a process of visiting the States and UTs at the level of Union Minister for Panchayati Raj has been initiated. Fourteen States and two Union Territories have been covered so far, including Karnataka, West Bengal, Uttaranchal, Haryana, Chhattisgarh, Orissa, Arunachal Pradesh, Rajasthan, Goa, Sikkim, Andhra Pradesh, Punjab, Himachal Pradesh, Kerala, Lakshadweep and Chandigarh. Each visit is concluded with a Statement of Conclusions jointly signed with the Chief Minister of the State concerned, laying out the points of action on which the State would move to operationalise the recommendations of the Round Tables. Most of these action points revolve around follow up measures on activity mapping, matching transfer of funds and functionaries, creation of Panchayat sector in the State budget, constitution and operational guidelines for District Planning Committees within an agreed time-frame.

(d) Most of the States are yet to transfer functions, funds and functionaries to Panchayati Raj Institutions. Chhattisgarh is yet to finalize activity mapping exercises assigning activities to the three levels of Panchayats. However, the State has informed that it has devolved administrative control of functionaries in respect of ten departments to Panchayats. The Panchayats have also recruited 30,000 teachers for schools at the level of Panchayats. The State has also constituted District Planning Committees. Some progress has, therefore, been made towards institutionalization of Panchayati Raj System in Chhattisgarh.
